

PLASTIC TUBES FORMED

Sur-Seal fabricates tubing and hose into special shapes. Using heat and custom tooling we can custom form a variety of configurations. With our expert manufacturing capability we can offer the following:

Variety of Shapes:

- Curves
- Elbows
- Flared Ends
- Double and Triple Bends
- Twists
- Coils

Advantages of Formed Tubes:

- Improve your product, no loose tubing in the way
- Eliminate Kinking
- Easier Installation
- Improved routing of air and fluid lines for supply and drain systems

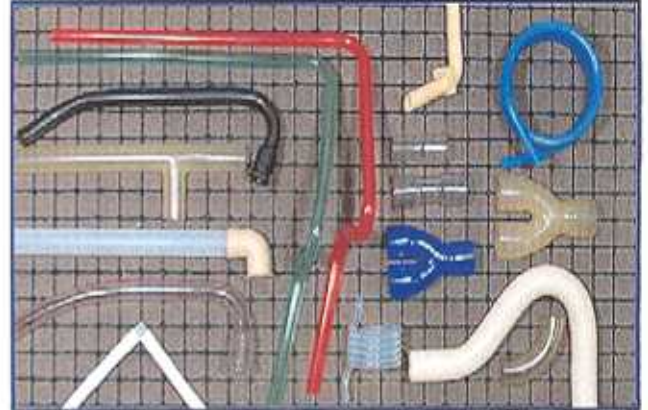

Materials:

A wide variety of the plastic material families are offered, including:

- Ethyl vinyl acetate
- Nylon
- Polypropylene
- PVC
- Teflon
- Polystyrene
- Polypropylene
- Polyurethane
- Teflon lined LDPE, HDPE, LPDE

Services:

- Tube Assembly
- Solvent welding
- Fittings
- Prototypes
- New Product Development
- PVC plastical products
- Custom Colors
- Custom Packaging & Labeling
